I wonder how many of you have really forwarded it to others. Please do group prayers with clarity and visualization asking Amma Bhagavan to ensure that the black money that is lying in Swiss bank should reach each and every citizen in India such a way that the per capita income increases and poverty gets wiped away.

Please perform group prayers. Now we are badly in the need of that black money.

Forever at the Lotus Feet of Sri Amma Bhagavan,

Dear All,

Our Indians' Money - 70, 00,000 Cores Rupees in Swiss Bank

- 1) Yes, 70 lakhs cores rupees of India are lying in Switzerland banks. This is the highest amount lying outside any country, from amongst 180 countries of the world, as if India is the champion of Black Money.
- 2) German Government has officially written to Indian Government that they (German Government) are willing to inform the details of holders of 70 lakh core rupees in their Banks, if Indian Government officially asks them.
- 3) On 22-5-08, this news has already been published in The Times of India and other Newspapers based on German Government's official letter to Indian Government.
- 4) But the Indian Government has not sent any official enquiry to Germany for details of money which has been sent outside India between 1947 to 2008. The opposition party is also equally not interested in doing so because most of the amount is owned by politicians and it is every Indian's money.
- 5) This money belongs to our country. From these funds we can repay 13 times of our country's foreign debt. The interest alone can take care of the Centre's yearly budget. People need not pay any taxes and we can pay Rs. 1 lakh to each of 45 crore poor families.
- 6) Let us imagine, if Swiss Bank is holding Rs. 70 lakh cores, then how much money is lying in other 69 Banks? How much they have deprived the Indian people? Just think, if the Account holder dies, the bank becomes the owner of the funds in his account.
- 7) Are these people totally ignorant about the philosophy of Karma? What will this ill-gotten wealth do to them and their families when they own/use such money, generated out of corruption and exploitation?
- 8) Indian people have read and have known about these facts. But the helpless people have neither time nor

inclination to do anything in the matter. This is like "a new freedom struggle" and we will have to fight this.

9) This money is the result of our sweat and blood. The wealth generated and earned after putting in lots of mental and physical efforts by Indian people must be brought back to our country.

10) As a service to our motherland and your contribution to this struggle, please circulate copies of this note amongst your friends and relatives and convert it into a mass movement.
