

Effects of seva & Miracle By Sri Bhagvan

Miracle shared by one more devotee, This is perfect example of Effects of seva for all other devotees, and sevaks, Thank you Bhagavan;

Miracle shared by one more devotee, This is perfect example of Effects of seva for all other devotees, and sevaks, Thank you Bhagavan;

This is Nitesh.N from Chennai (India). I'm in Dharma for the past nine years. Though I know Bhagavan for the past nine years I didn't have faith on him and that came only when I attended Maha Deekhsa (Seven step process) on the May'09. And from then, there is a lot of miracles happening in my day to day life internally as well as externally. But I would like to share a great miracle which happened yesterday (16th June'09) night.

As I mentioned earlier now I have started believing in Bhagavan, as a result I started doing seva. I just can't say, I'm a great sevak but then I can surely say I contributed just 0.5% of my time for seva.

Well, I'm now working as a Conference Coordinator in a MNC Company. And I took two months leave for my exams so I didn't get my salary properly. I was in real need of Rs2000 yesterday and I just prayed Bhagavan like this " Bhagavan, I don't know what you are going to do and it's your duty that you should give me 2000 or you should help by showing the way to get the money". Later in the evening when I was about to start my prayer I received a message from ICICI bank stating your account has been credited and your total available balance is Rs : 8500. And there was a reason for the amount stated which was LTA & Medical reimbursement. But actually when I called my HR, she informed me that the amount will be credited only in the month of October and also I'm not eligible for that amount.

Bhagavan, Thank you so much I just don't know what else I can use to praise you.

Thank you Bhagavan. I LOVE YOU;

If you too have such miracles to share with us, do mail back.
