

Success = Intent + effort + Grace

Where There is Will There is Way

Namaste Amma Bhagvan sharnam, What made me to share this story about this man his Intent, effort are showing grace on him.

"Where There is Will There is Way" Yes a good example by Doug Landis, he does pencil art with his mouth, Many times we find excuses for not doing things, because of imperfect facilities and many other reasons, Look at this man, Who set the example to all of us, and fits with our Amma Bhagvan teachings "Success = Intent + effort + Grace", He wasn't an artist until a high school wrestling accident left him quadriplegic, paralyzed from the neck down.

It is only when one is free from the tyranny of belief that one is free to learn and understand the truth about the Reality.
